Essentials Of Facial Growth, 1e

Synopsis

This compact reference describes the clinically relevant aspects of the biological processes underlying craniofacial growth and development. Relates basic science to treatment planning, selection, and results; tooth movement; the effects of nonbiological prosthetic implants during growth; and more. Also provides detailed illustrations that clarify key concepts and developmental processes.

Customer Reviews

This bread product is by far the best bread product I have ever owned! As a former Chef, kitchen tools are very important to me. I have an extensive collection of products and am always looking for the best tools. This is not only an excellent bread product, at a good price but a beautiful design and feels great in my hand. It is sharp and effective. I am so happy with it I bought two and have put it on my gift giving list for years to come. If you enjoy great kitchen tools this product should not be missed! Kelly needs it , very recommend . very nice . so fast, receive it next day ,
