# **Australia: The Ultimate Australia Travel Guide By A Traveler For A Traveler: The Best Travel Tips; Where To Go, What To See And Much More (Lost Travelers ... Travel Series, Australia Travel Guide)**

## Synopsis

Updated For 2017 Completely Based On Customer Feedback. Congratulations! You've Found The Ultimate Travel Guide To Australia. Why You Need Lost TravelersFirst we would like to thank you for considering Lost Travelers as your guide book. Allow us to explain our beginnings, and the reason we created Lost Travelers. Lost Travelers was created due to one simple problem that other guides on the market did not solve; loss of time. Considering it's the 21st century and everything is available online, why do we still purchase guidebooks? To save us time! That's right. Since the goal is to be efficient and save time, we did not understand why there are several guidebooks on the market that are of 500 to 1000 pages long. We do not believe one needs that much bluff to get an overview of the location and some remarkable suggestions. Considering many guidebooks on the market are filled with suggestions that were sponsored for, we have decided to take a different approach and provide our travelers with an honest opinion and decline any sort of sponsorship. This simply allows us to cut off any nonsense and create our guides the Lost Travelers style. Our mission is simple; to create an easy to follow guide book that outlines the best of activities to do in our limited time at the destination. This easily saves you your most valuable asset; your time. You no longer need to spend hours looking through a massive book, or spend hours searching for information on the internet as we have completed the whole process for you. The best part is we provide you our e-guides for one third the price of the leading brand, and our paper copy for only half the price. "The World Is A Book And Those Who Do Not Travel Only Read One Page" - St. Augustine

Thanks again for considering us, we hope you enjoy! Here Is A Quick Preview Of Our Guide

**Section 1: Australia**  
A Brief History of Australia

## **Customer Reviews**

I read through this guide out of curiosity as I am Australian myself. I can definitely vouch for its accuracy. The pictures certainly show our country in its best light. The book begins with a history on the native Aborigines, and how the country was settled by Europeans. It then moves onto the geography and climate, before discussing the main cities in Australia and what to do. As most people who visit Australia will tell you, Sydney is the highlight, so I'd encourage any reader to take a good read of that chapter.

This book helped me plan the perfect vacation for my family to Australia. Australia is one of those places I want to take the kids as much as I want to go. However, I learned without some sort of plan any trip can become a disaster. This book talks about five of the major cities; the best places to go, the great eats in the city, even talks about the nightlife within the city. Not only is there basic background and geographical information on Australia, but there is also a section on how to avoid distastes.

Australia is a very interesting, enjoyable and fun book as it takes you to the country all the way! It contains very interesting photos of the landmarks and historical places to visit in Australia and provides you with brief descriptions of each and how to ultimately get there. It is your very guide in exploring the beautiful country and deciding which destination to go first. Great book! Would

definitely recommend this to my friends!

If you already think you know what you want to do or where you could want to go in Australia this book may tell you a little about it - but not much. If you have no idea, this sketchy book isn't going to help at all. And it is far too boring to sit and read for possible ideas. Find another resource to help you plan your Australia trip.

I always wanted to go to Australia specifically to Sydney. Reading this book felt like I'm travelling to Australia. This book is a total package because this contains very detailed information we should know about there even the phone numbers. I never knew that Australia is that beautiful. Now I am much more excited to go there. This book is absolutely a travel guide to travelers going to Australia.

I was disappointed with the snippets of information about the various places to see and things to do for my trip to Australia. It was as if someone had written from their armchair using recall. At least website links were included. I expected more from locals writing for travelers, i.e. "absolutely see ..." or "don't bother with ....". Hotels and restaurants listed were on the high end and limited. What about the local Mom-and-Pop places that serve great food? That's what I wanted to read in this book. I had been reading the "big company" travel books and was expecting more local flavor from this one. I won't be taking this book when I travel.

Very informative and helpful.

This book hits some of the key destinations and Australia history, but lacks the detail and insights of other books.
