The Search For Truth (Books With Something To Say)

Synopsis

This book is for those who, like the astronauts, cannot look at this view of our planet without asking "WHY?" The search conducted within these pages is a logical journey into the fields of biology, psychology, physics, parapsychology, yogic science, and Eastern and Western religious philosophies. Are they merely viewing different aspects of the same Truth?

Book Information

Series: Books with something to say

Paperback: 153 pages

Publisher: Shanti Publications, Inc.; 6th edition (January 1, 1974)

Language: English

ISBN-10: 0914374036

Package Dimensions: 8.9 x 6 x 0.6 inches

Shipping Weight: 13.6 ounces (View shipping rates and policies)

Average Customer Review: 4.8 out of 5 stars 39 customer reviews

Best Sellers Rank: #62,130 in Books (See Top 100 in Books) #79 in [Books > Religion & Spirituality > Religious Studies > Science & Religion](#) #79 in [Books > Politics & Social Sciences > Philosophy > Metaphysics](#)

Customer Reviews

"Prior to reading this work I had absolutely no idea of what the 'New Spiritual Movement' was all about, nor what it meant to 'alter one's state of consciousness.' This logically based, scientifically supported analysis finally makes it possible for the Western intellectual to view the contribution of the East from his own rational-minded perspective. What is more, many of the truths presented in this work are so deep that they quickly find their way into everyday life and can never again be ignored. I recommend The Search for Truth to all truth seekers -- young and old." --Irving J. Goffman Ph.D., former Chairman, Department of Economics, University of Florida, Deputy Assistant Secretary, HEW under President Ford

I have enjoyed many of Michael Singer's books. This is one of his earlier ones that help explain his thoughts on the composition of matter and energy that comprise the universe. Excellent read and very useful in moving on into his later works.

This book wonderful as it answers many questions that I had and the author explains his wisdom so well.

This book is for those serious about being awed by the universe. A must read for those on a spiritual path. Causes some serious thinking about life.

Have not finished this yet, but am enthralled by the wisdom of this author.

Michael Singer is a wise man

Good book.

This is another well-written book from Michael Singer. It helps in understanding his New York Times best-seller the Untethered Soul.

Read all Michael A. Singer books. He's a good writer.
