One of my grandson's favorites - he's 8 years old.

I love the entire Magic Tree House series. We are on book number 34 and continue to buy. As a grandmother, I find each book with a great lesson and point out the lesson to my grandson. As a child of 9, he will stop anything he is doing to listen when I start reading to him.

My son started reading this series at school, he was so interested i've kept buying the next book and he loves reading them. Great book series!

wonderful book in great condition

My sons both love the Magic Treehouse book series! They are great for starting at the beginning of the series and working your way through as your reading skills improve.

Given to my grand daughter for her birthday. She is 5 and starting to sound out words. Although beyond her reading skills now, she loves to be read to, and at the same time will learn about history at the same time. My son and daughter in law says she has really started to enjoy these type of books

this series is a great read for children and younger teens this series the magic tree house is a must read.

I am glad we bought the rest of the set! My boys love these book. I recommend them for young readers or if you have a tween that need "pleasure reading books"
