Perfect Japanese Intermediate Course: Learn Japanese With The Michel Thomas Method

Synopsis

Looking for a course to rapidly improve your Japanese and fit in with your busy lifestyle? Already completed Michel Thomas Total Japanese? Take your Japanese to the next level with this acclaimed Perfect Japanese intermediate course, the perfect follow-on to the Michel Thomas Method Total Course. How does it work? During the course, you will join Michel Thomas Method teachers Helen Gilhooly, Niamh Kelly and two students in a live lesson, learning from both their successes and their mistakes to keep you motivated and involved throughout the course. You, as the learner, become the third student and participate actively in the class. Within the very first hour you will be able to construct complex phrases by listening and thinking out answers for yourself without the pressure of writing or memorizing. You learn through your own language, so there's no stress, and no anxiety. You'll stick with it because you'll love it. Why is the method so successful? The Michel Thomas Method was perfected over 50 years by celebrated psychologist and linguist Michel Thomas. This unique method works with your brain and draws on the principles of instructional psychology. Knowledge is structured and organised so that you assimilate the language easily and don't forget it. The method breaks down the language into building blocks that are introduced sequentially in such a way that you create your response and move on to ever-more-complex sentences. There is no need to stop for homework, additional exercises or vocabulary memorization, so you progress rapidly. What's in the Course? Perfect Japanese with the Michel Thomas Method includes up to 5 hours of audio on CD and a practice CD-ROM with interactive activities and assessment which should be done after the course and as a means of review. *Note that this course contains the same learning as the previously entitled Advanced course and previous editions of the Perfect Course. The CD-ROM is a new addition. Learn anywhere Don't be tied to chunky books or your computer, Michel Thomas Method audio courses let you learn whenever you want: at home, in your car, or on the move with your MP3 player. Where do I go next? Insider's Japanese phase 2 Michel Thomas course will be available soon. It is the ideal package for intermediate learners looking to improve their conversational Japanese, grammar and vocabulary in authentic contexts. Please check back regularly.

The nearest thing to painless learning The Times A unique and perfectly brilliant way of learning languages Stephen Fry The most extraordinary learning experience of my life Emma Thompson Thomas makes it simple Sunday Times Works like a dream Daily Telegraph Michel Thomas is a precious find indeed The Guardian Five minutes in and you already feel like you're winning Time Out

Helen Gilhooly has lived and worked in Japan, and has a PGCE and an MA in Japanese. She is a university teacher trainer, language materials writer and senior director at a specialist language college in the UK. Dr Niamh Kelly is a lecturer in the Japanese Department at Dublin City University, Ireland. Michel Thomas (1914-2005) had an amazing life. Born in Poland, he spent his early years in Germany and then in France, where he studied psychology at the Sorbonne in Paris. When war broke out, he fought with the Resistance and suffered imprisonment in labour camps. At the end of the war he joined the US liberation army and later settled in the US where he established his world-famous language school. For more than 50 years he taught languages to the rich and famous and was the world's most sought-after language teacher. After creating several courses of his own, he passed on his method so that other teachers might use it too.

I've tried a lot of textbooks and tapes, but the Michel Thomas method has been one of the most helpful for me.

I have the Spanish and Italian versions of "Perfect", and they are truly advanced, while Perfect Japanese is still very basic and limited.

Great method. Best yet.
