The Great Controversy [Illustrated]

Synopsis

Now more than ever, this is the right time to share The Great Controversy, the book for all time. Inexpensively priced for the widest possible outreach, this full-text ASI edition of The Great Controversy has a newly updated cover. It also has a bright white paper instead of the newsprint used in the past. The Great Controversy gives a startling overview of the mighty conflict between Christ and Satan from its origins in heaven thousands of years ago to its conclusion on earth in the days just ahead of us. This still-timely book reveals how God will ultimately rid the universe of evil and make all things new

Whether you are Christian, Jew, or any other religious persuasion you need to read this book. Based on the Bible the great battle between Christ and Satan is recounted in detail. Even if you perhaps

think of it as fiction,you need to read it.Wayne Guthrieguthrie.pug1900@gmail.com

Takes a long time to read. I find they obsess about the future instead of living one day at a time. if you head is in yesterday = depression, if your head is in tomorrow = anxiety. Live in the present and live in securing Christ's mind.

I've read it and am doing so again. I bought this one and a couple of others like it, just to have some of the older copies which have not been changed to a fare-thee-well, to give away to interested persons. The newer editions are dumbed down so much, with so many changes, it is not even the same book.

Best version of this great book I have ever owned, the picture selection is the difference...a study in itself!

very interesting book, has some things in it that I didnt know and never thought about.

Awesome book with some great illustrations of religious symbols and structures.

This is a very well written and relevant book to read at this time in earth's history. Even though it was written quite a few years ago it is very up to date in all aspects. Please get a copy and read it, very fascinating reading.

Good reading
