World Of Warcraft: Dawn Of The Aspects

Synopsis

THE AGE OF DRAGONS IS OVER. Uncertainty plagues Azeroth's ancient guardians as they struggle to find a new purpose. This dilemma has hit Kalecgos, youngest of the former Dragon Aspects, especially hard. Having lost his great powers, how can he - or any of his kind - still make a difference in the world? The answer lies in the distant past, when savage beasts called proto-dragons ruled the skies. Through a mysterious artifact found near the heart of Northrend, Kalecgos witnesses this violent era and the shocking history of the original Aspects: Alexstrasza, Ysera, Malygos, Neltharion, and Nozdormu. In their most primitive forms, the future protectors of Azeroth must stand united against Galakrond, a bloodthirsty creature that threatens the existence of their race. But did these mere proto-dragons face such a horrific adversary alone, or did an outside force help them? Were they given the strength they would become legendary for . . . or did they earn it with blood? Kalecgos's discoveries will change everything he knows about the events that led to the...

I got these as a present for a WOW lover. She keeps asking for more now!

Definitely not one of my favorite wow books but still very good.

The hubby reads all of the WoW books this was another added to his series I try to buy as many as I can when they come out so he has something to read! He loves them!

I loved this book! It details the meetings of the Dragon Aspects when they were still proton-dragons and how they saved their world and earned the chance to become the Aspects. I love that it is told from the viewpoint of Malygos who I've always felt got shafted by Blizzard from a Lore standpoint. All in all a great book.

I loved it and it fit with the lore however I have also read and am familiar with all of the WoW books so I may be biased.

Absolutely loved this book! Great addition to my WoW novel collection.

I love this book. Being a lore nerd, I'm very pleased with the detail this book goes into for how the aspects became the aspects, what they were like as young proto drakes, etc etc. Would recommend to any WoW fan interested in Dragon lore

Fun book. Writing can be a challenge to get through since it is written from both Malagos and Kelec's perspective. I learned a lot about the lore though and it was a super interesting story.
