## Customer Reviews

Loved the main character lots of good humor too!! Great reading choice! Really liked this book!

Loved the three stooges!

An endermite wakes up one day to find himself in a strange, dangerous world. He wanders around until he discovers that every time the cubular sun rises or sets, he disappears and reappears back at his spawn point. As he travels through the mysterious land of Minecraft, he meets many unusual friends, but is separated from them by the sun's rotation. What can he do? Almost as soon as this Crafty Nichole book came out, I borrowed it with Kindle Unlimited (best invention ever) and began reading. What I really loved about it was that it's written with such detail that you can see the story through the eyes of the endermite (do endermites even have eyes?) and imagine the world from his point of view. Great job, Crafty Nichole!

Wow... this book was a whole lot better than i expected. I love how at the end of the book Sir-Squeaks-a-lot a.k.a gets a halarious name and also gets to visit his friends. Also try to add pictures. You dont have to but just a suggestion. a suggestion is to make squeaks get killed by a hunter and respawn with no name. Then like in the first book, make squeaks try to find a home but dissapear when ever he finds one. As he goes through this he meets new friends and goes to new places. that is my suggestion.sorry for spellong mistake i dont hve much time and nice job with oue books

You did very good on this. I've found 0 errors and nothing about killing other people (thank gosh).Yes you should do it in print, it would be what?SPECTACULAR. The intro caught be and nice hooks. maybe comparing would be nice. Ex: "I felt like crying and making Nigeria Falls."The plot is pretty dang good.has a happy ending...what else? it shows alot of feeling and shows how endermite feels or sir squeaks alot(haha) and no repeated boring words. A Player helped a mob and he fixed the problem. But sir squeaks alot stuck to him, like glue.Continue writing im not wasting your time, PEACE OUT.\(Ãfâ Ã Â\_Ãfâ Ã Â )/-Power

This was actually the first time I read the word from the author. Stupid me. I should've commented on that earlier. I feel like I wouldn't ever get a paperback, just because I have kindle unlimited. And I'm twelve. And I don't really get an allowance :P. I know, it's weird. But if I did, I think I'd spend it more on Minecraft action figures and plushies (I'm building a big collection of those toys) rather than Minecraft books. I think some people might enjoy a paperback, so maybe you should do that. But I wouldn't use it, cuz I can read all your books free anyway :P (double :P). So there's my opinion.

its me again. i think its time that i admit that i was just trying to see if people were going to comment of of my comment on herobrines child. hehe? ummmm BTW i want 2 see if u can make herobrine in angry alex tell stories about king steve a how hakio or something(did i get her name right?) or the noob finds alexes house and herobrine answeres the door and the noob runs away. that would be funny.- #EPIC MLG YOLO SWAG OF DOOM!!!!~AKA jay danda

Great book! This really suits all people! Even if you don't loke Minecraft, should still read it. I like all the creatures MinecrafTales has. The Sir Squeaks A-Lot bit is so funny!-infourai17P.S. I womder if endermite really just do teleport when they despawn. If so, then they would definitely be more of an "End Mob")

i still can't believe that ony a few people read this heart breaking book! I've at least read this 5 times now. let me make this short:

omgthisistheBESTBOOKEVERandiwantyoutokeepwritingsoyouwillinspiremoredaringreadersthatwanttogoonasiveadventures!!!!!!\*takes violent gasps of air.\*also PLEASE write a book about an ocelot. :3thanks, mark's daughter Nikki
