Customer Reviews

Charles Lindsay has made a career of photographing the intersection of nature and culture. Whether living with a rain-forest tribe, exploring the world of fly-fishing, or turning the game of golf on its head, Lindsay has focused on our complex relationship to the natural world. He is the author of *Lost Balls: Great Holes, Tough Shots, and Bad Lies*; *Upstream: Fly-Fishing in the American West*; *Turtle Islands: Balinese Ritual and the Green Turtle*; and *Mentawai Shaman: Keeper of the Rain Forest*. Between journeys he resides in New York City; Sun Valley, Idaho; and in the northern Catskills.

My father is Don Cherry, former pro golfer, (you golf fanatics probably know who he is) and has played in many of the golf courses depicted in this book. As those of us who have a golfer in their life, will know that there are only so many coffee cups, statues, paperweights and pencil holders before it gets redundant. My father, an expert in the sport, has not put this down since I gave it to him for Father's Day. I'm not a golfer and I enjoyed it immensely. If you're looking for the perfect gift for your golfer, this is it! A+++++~ ^ ^ ^•

I got this as a gift for a friend of mine that is really into golf. Obviously when someone thinks of a gift

for a golf-fanatic, they think "golf-things". Well my friend already has all of the things that he wants really- so I had to be original. This is a beautiful coffee table book, and it really is a lot of fun to look through.

This book was so interesting my dad loved it.

While there are more lovely pictures than script, this book is beautiful! The pictures are quality shots and artfully done. The gentleman who received this was delighted with it and my husband had to look at the book before we gave it as a present. I'd recommend this to any golfer or anyone who enjoys art!

Great

Gift for my big-golfer brother. He loves reading books about golf.

Bought it for my dad's birthday, to go with all his tall tales. Hilarious present, and great pictures of lost balls.

Ordered as part of a golf-themed Father's Day gift for my golf-obsessed father. He loves it and has told all of his golf buddies about it. He also removed two other books from coffee table & replaced them with this one. He said he also caught my mom, who takes a minimal at best interest in golf, looking through it and unable to put it down!!
