The Ultimate Hair Loss Cure: How To Stop Balding And Regain Hair Growth In 30 Days Or Less

Synopsis

"Stop Balding And Regain Hair Growth!" Dear Alopecia Sufferer, If you wanna regain hair growth using simple, effective, inexpensive home remedies—then this might be the most important letter you read. Here's what this is about: When I noticed my hair receding I felt a sinking feeling in the pit of my stomach. Over the next few years it got worse until I was completely bald on top—and I was only 32. Why did this happen... And more importantly, how could I stop it without expensive prescription pills (with their horrible side effects), or the shady products on late-night infomercials... or even worse... painful hair plugs. Then one day, everything changed... while I was looking through toupees, feeling sorry for myself when I said, "I will get my hair back!" It took years of searching, dead-ends, and frustration until I finally found a solution that worked for me. Since then I've showed it to hundred of friends & associates and when they had the same incredible success I did... I decided to write down this information to help others like you. I called it The Ultimate Hair Loss Cure, and I know it will work for you too. But before you get this book, let me tell you exactly what's inside, so you know it's right for you... Here's what you'll discover inside: Discover the 19 most common causes of hair loss (And how to identify the ones affecting you the most)! Learn how too much of this one vitamin might be the only cause of your hair loss (And how to reduce it in your diet)! Find out which commonly prescribed medications can cause sudden hair loss! Learn the 11 types of Alopecia (And how to figure out which one you are suffering from)! Discover how this common (and inexpensive) oil found in every supermarket increases blood flow to your hair follicles and strengthens roots (Plus it reduces stress, a leading cause of hair loss)! The two best essential oils for increasing blood flow to your scalp! The one flower that could be your hair growth miracle! The 10 herbs you should be consuming everyday! How to use an onion to increase your scalp health! The 8 simple home remedies using things you probably have in your kitchen right now (lemons, eggs, honey, black pepper, bananas) to start regaining hair today! Learn the 10 simple steps you can take to prevent balding (And how to check your diet for these "hair killer" foods)! Plus, you risk nothing... Here's your guarantee: If, for any reason (or no reason at all), you aren't completely satisfied, simply return the book within 7 days for a full refund. No questions asked. Get this book, read through it... and if you haven't seen massive results within the first week, then I want you to get 100% of your investment back. You don't risk a penny... You have absolutely nothing to lose and everything to gain. All you have to do is take action, invest a tiny bit... And it could change the whole course of your life. Is investing the equivalent of a cup of coffee going to put you in the poor house? On the other hand, think of the confidence you would feel running your

fingers through a thick head of hair. Here's what to do now: Click the "Buy Now" button, read through the book and use the simple treatments inside. You might wanna get your copy right now though... because the price is going up to \$4.99 any day now. And with a 7 day return policy, you literally don't risk a penny. Don't wait to get the book, stop balding and start regrowing hair today. Sincerely, Guy Chapman P.S. The only thing you're gonna to regret is that you didn't get this book 6 months ago. And if it doesn't work for you, simply return it for a full refund... Sound fair enough?

Customer Reviews

This is pretty complete but I would add borage oil, evening primrose oil, fish/flax oil combo oil, and seaweed to the nutrients list. These all combined restored my hair over time.

I love that you can pick up these quick, to the point booklets and read them to pick up great info that helps address things like how to stop losing your hair. My husband has this issue and we had never

heard of a lot of these remedies, such as massaging your scalp with coconut oil? Really? Who would've thought! Lots of recommendations for treatments, herbal treatments seem to be on the rise and the booklet explains each one. And other things like egg yolk, coconut milk and baking soda are new to us as well. This is a very helpful guide, I recommend it.
