Filthy Rich: The Billionaire's Sex Scandal--The Shocking True Story Of Jeffrey Epstein

Synopsis

A shocking true crime tale of money, power, and sex from the world's most popular thriller writer. Jeffrey Epstein rose from humble origins to the rarefied heights of New York City's financial elite. A college dropout with an instinct for numbers--and for people--Epstein amassed his wealth through a combination of access and skill. But even after he had it all, Epstein wanted more. And that unceasing desire--especially a taste for young girls--resulted in his stunning fall from grace. From Epstein himself, to the girls he employed as masseuses at his home, to the cops investigating the appalling charges against him, **FILTHY RICH** examines all sides of a case that scandalized one of America's richest communities. An explosive true story, **FILTHY RICH** is a riveting account of wealth, power and the influence they bring to bear on the American justice system.

Customer Reviews

"Behind all the noise and the numbers, we shouldn't forget that no one gets this big without amazing natural storytelling talent--which is what James Patterson has, in spades." [Lee Child](#) "It's no mystery why James Patterson is the world's most popular thriller writer: his uncanny skill in creating living, breathing characters we truly feel for and seamless, lightning-fast plots. I do this for a living, and he still manages to keep me guessing from the first to last page. Simply put: Nobody does it better." [Jeffrey Deaver](#)

James Patterson received the Literarian Award for Outstanding Service to the American Literary

Community at the 2015 National Book Awards. He holds the Guinness World Record for the most #1 New York Times bestsellers, and his books have sold more than 325 million copies worldwide. He has donated more than one million books to students and soldiers and funds over four hundred Teacher Education Scholarships at twenty-four colleges and universities. He has also donated millions to independent bookstores and school libraries.

Would have been a "5" but the publishers Skipped the INDEX and plastered advertising at the end. Pretty cheesy decision. On the whole, this is a book incredibly important for the well being of our children, and to bare down on the pricks of this case who call themselves lawyers -- they enabled an extremely successful, almost industrial-level, serial child rapist. Why? Because Epstein was Filthy Rich. In American Justice, money talks. And in Epstein's case, it screamed. Hats off to Patterson for walking on the wild side of non-fiction. The world of sane, healthy people, and all parents, owe him and the others a lot of gratitude for getting this story out to the public. Child Sex Trafficking is the scourge of the 1%. Epstein over here, and Savile across the Pond, each will become doors to this dark, foul world of sexual parasites feeding on the most vulnerable, just like the Vatican became a symbol for the same in the church. Hooyah.

There is an important story here but these three authors don't tell it. First 78 pages full of salacious material - when you have had enough just skip to page 79 and at that late place in the book the story begins. However, it is a skim look at the bifurcated legal system that permitted a wealthy predator to walk away with a slap on the wrist. No serious attempt is made to examine the failed legal system and many of those players are simply referred to as a "judge" or a "prosecutor" but with no surnames. Also a very thin list of other visitors to Orgy Island. Feels as if the writers are protecting many who participated in this horrible story. No mention of Epstein's camera system that taped some famous people and no mention that the tapes most likely still exist. No mention of Judges who made slap-on-the-wrist decisions or sometimes just prevented a plaintiff from getting access to information they were entitled to to win their cases. No explanation of the political connections many of these people held and hold to this day. And no index because by not using people's surnames there would be little to put there. Just feels like a thrown together book to try to imply that Trump and not WJC was a principal player. Only mention one flight WJC made with Epstein when 26 are known to have been made. Conversely Trump made not one but in this book no photos of WJC but two of Trump in adult, social activities. 22 phone numbers in Epstein's phone book go unmentioned while that same book showed only one for Trump. Sort of subtle and political

distortion of the real story where the powerful and guilty parties are either not even mentioned or if so, barely. Hope someday a serious writer will buckle down and not use fillers and not protect people who should be exposed and show all of us how a very perturbed human being who damaged so many young girls was able to buy his way out of the punishment any ordinary citizen would have faced for the crimes committed. Waste of money. Hold out for a better book which at some point is bound to surface. (Forgive any errors but this box will not permit me to re-read what I wrote because it doesn't scroll. Thus no editing allowed.)

Even though this story was a different format for Mr. Patterson, it was enjoyable. It was a bit difficult to keep straight. I did have to retread some things to make others make sense

This is the first time I've read any nonfiction from this author. Maybe it's the first he's written? This was very gripping, and just his fiction writings, you don't want to put it down. I wasn't familiar with Jeff Epstein's case so I'm still reeling from all that went on and continues today. Funny that Ken Starr was part of his defense team, since he's recently gone through the Baylor debacle (I live in Waco and we hear it all the time). I definitely recommend reading this.

I was very interested in this book because , I have never heard of James Patterson writing true stories before. Great job on it. What the rich and famous can buy their way out of.

The guy was a real bad person. Just shows you what money and corruption can do. Disgusting

A little sloppy in my opinion but the story is troubling. An example of money getting the man out of legal trouble, even though he did have a fine and some jail time, with loose privileges that allowed him to leave prison for most of the day. A sexual predator billionaire.

As always, James Patterson has another winner.
