Amazing Space: 200 Complex Space Facts For People Who Like Graphs

Synopsis

Space is amazing. There are stars, moons, planets, black holes, comets and the odd two-headed creature, just on the other side of the sky. We float around in the middle of it without really knowing what is going on around the corner. In *Amazing Space* you learn about 200 truly riveting and astonishing facts about space. Accompanied by genius illustrations they make the complex both fun and easy to understand. Have a blast, have a space fact.
