Customer Reviews

Great Japanese recipe book with lots of delicious recipes of Japanese food. In this cookbook you will find recipes for the full range of Japanese cuisine, from home cooked rice bowls, to sushi, to hot

soups. unagi don and kinpira gobo is my favo. Recommended.

This Kindle edition has no visual instructions for food prep, as in the case of rolling sushi. For beginners, this helps in the construction.

A well balanced book. A lot of important information about Japanese cook has been gathered in this book. I was actually impressed by how much useful information is squeezed in such a short book. Author has described every single thing very clearly with some proper explanations. Such an excellent book. Highly recommended.

I really in love the authentic foods in Japan. Mostly the Ramen and Sushi foods. I got full ideas with this cookbook to learn different cooking techniques of Japanese delicacy.
