# The Little Grumpy Cat That Wouldn't (Grumpy Cat) (Little Golden Book)

## Synopsis

The most famous cat in the world stars in her very own Little Golden Book! Å Grumpy Cat has 8 million Facebook followers, her own TV movie, and now . . . a Little Golden Book! In this story featuring an all-new iconic art style, Grumpy Cat's friends and admirers try to get her to try new things and have fun, and each time she is even more resolved to say NO. In the end, she is right. Having fun is awful.

Grade Level: Preschool - 1

## Customer Reviews

My 8 year old daughter begged me to buy this book for her 2 year old sister, she wanted to read this little Golden Book to her. It has a very cute story and adorable little illustrations. My 8 year had no difficulty reading this book on her first try. The story was short and entertaining enough to keep the attention of my toddler for the duration of the short little story. My 2 year was very interested in the bright color illustrations and she looks through this book on her own sometimes. I love that these new little Golden Books, still have the gold spine, just like when I was little and growing up. I love these books are still so inexpensive so that on most incomes, these books are affordable. The quality and value of these books still hold after years and years.

My daughter loves grumpy cat and this book did not disappoint. Very cute and to the point story with

excellent illustrations. She laughs at the end of the book every time and asks why she won't race just once!

Forget the kids. You need this. I'm an adult. It's mine. I never really cared for the Grumpy Cat phenomenon, with the mugs and shirts, etc. But this book is just adorable and the story is, while unsurprising, fun. I intend to share this with adult friends, not kids.

Great Books and a great price. I have been collecting these books for my 2 year old daughter so that when the time comes I can give her a huge set of these. I remember having these books when I was little and loved reading them.

Who knew my daughter would pick this as her favorite book and carry it around asking me to read it to her all day. She loves the sassy little grumpy cat. This book has started an obsession in our family. Even her grandparents know how obsessed she is with it. When they come over she brings it to them all day for them to read over and over. It never gets old at our house. I almost didn't buy this book because I wasn't sure the message was good but it has been fine. We all laugh at grumpy can (and secretly I relate a lot to this cat). :)

Most importantly, my toddlers think it's hilarious & believe it or not they're a tough crowd. I personally think the story is lacking but that's my own problem. Maybe every book for young kids doesn't have to teach some grand lesson- some can just have a punchline. But then again not being forced to participate just because everybody wants you to is kind of a lesson. When Grumpy Cat exercises free choice & self actualization, that might just be a great lesson.

I loved Little Golden Books as a kid & love Grumpy Cat, so this item was pretty much a NO brainer purchase for me. A simple, wonderfully illustrated story, where Grumpy espouses the oh-so-familiar memes we've come to know over the last few years, as her new friends try to coax her into playing and being happy. Treat the kid in your life or your own inner kid to this one.

I would give this 10 stars if I could. My 3 year old asks me to read this to him over and over again. The illustrations are lovely and the story is hilariously Grumpy Cat. I would buy a whole series of Grumpy Cat books like this.
