This is my favorite 'portable' sized coloring book so far. It measures 5.25" x 8.25", so it is slightly larger than some of the other I have, but still small enough to fit in my purse (see my photos). The variety of designs is really good, and most are simple enough to easily finish in less than an hour--perfect for when you just have a little time to relax. Sometimes I don't have the patience or time for an intricate full-page design.\*The paper is nice and thick, and my Stabilo Neon markers only bled through a tiny bit, but not enough to transfer to the next page.\*Works beautifully with colored pencils (in my photos I used Tombow Irojiten)\*The designs are single sided, with a quote and blank lines on the back of each one.\*The description on the back of the book says '...watercolors'. I have tried that yet, but I will update the review when I do.The designs are mostly mandalas and floral designs centered on the page, but there are also some full page designs and some with words (see my photos).I really love this book and I plan to order several more for my nieces and daughter for Christmas!

I love the small purse-sized design. but many of the designs had too many blacked in areas for my taste and I didn't care for some of them. That may be just my preferences so I still have it 3 stars.

designs are pretty interesting even though some of them are much smaller per page than I expected. My thoughts are designs should be at least 90% of the page.

I bought these as part of a gift basket and out of all the items, everyone commented on this little book for it's great verses and perfect size for a hand bag. The front pages are instructional and the paper is good quality. I will definitely be buying more.

I bought one of these and a set of colored pencils for every single female on my Christmas giving list because it had such beautiful designs and patterns. I think everyone was pleased with their gift.

I love love love this tiny little book. Its awesome for the price i see other retailers selling these coloring books for 10\$ and up. This one is great for me, its small and not heavy weight. Every page

is filled with mindful and inspirational quotes. I had gotten this as a gift and decided to get one for myself as well after seeing how great it really is.

I purchased this for a trip - air, hotel room, cruise, air home. It kept my son busy for a looonngg while. This book is small enough to fit into a stuffed backpack, small enough to stay on an airline tray table, but big enough to actually see what you're coloring. It will be with us on all future trips - car, hotel, Grandma's house, whatever. And I will definitely get another one when he fills this one up.

Love these small, intricate designs. Perfect for keeping in your purse or lunch bag. These are lovely mandalas and flowers, some featuring inspirational wording. The designs range from those that would take only an hour or less, to very detailed pages that you will easily spend days perfecting. Great for work, waiting rooms, stress management and facilitated meditation, and making gifts your grandma will still hang up.
