Amanda Bartlett is an experienced craft tutor who works in a number of different techniques, and specialises in rubber stamping.

Has some pretty nice techniques but it uses only the "Stampin' Up" line of stamps & products to demo with. And from what I can tell, you can't order these on line or purchase thru a craft store You have to go thru a demonstrator in your area to get this brand. For me, that is too inconvenient. But if you have Stampin' Up stamps, then it is a good source. Direction language sometimes hard to follow...author might be from England. Also could have chosen a more professional title IMHO.

This was an advertisement for "Stamping Up" . Mostly easy ideas, and not for an advanced stamper.Not enough new ideas. In general, very disappointed.
