Seven Steps To Knowing, Doing, And Experiencing The Will Of God For Teens

Synopsis

God is ALIVE, and He wants you to know it. Not only that, He wants you to know HIM. *Seven Steps to Knowing, Doing, and Experiencing the Will of God for Teens* goes deeper than just knowing about God, it guides you to partner with God in what He is doing all around you to make an eternal difference in this world. Based on the world-renowned Experiencing God teachings, Tom, Mike, and Daniel Blackaby (Henry Blackaby's son and grandsons) utilize cartoon illustrations, true-life stories, and fresh graphics as they take an earnest, yet humorous, look at what it means for teenagers to have a vibrant personal relationship with God in their often random and challenging settings.

Tom Blackaby is director of International Ministries for Blackaby Ministries International and the former senior pastor of North Sea Baptist Church in Stavanger, Norway. He co-authored *The Man God Uses* with his father, Henry Blackaby (*Experiencing God*). Tom and his wife have three children. Mike Blackaby is a Young Adults pastor at a church in Jonesboro, Georgia. The grandson of Henry Blackaby (*Experiencing God*), he also co-wrote *When Worlds Collide: Stepping Up and Standing Out in an Anti-God Culture*. Daniel Blackaby is a fourth generation author whose books include *When Worlds Collide*, and the imaginative fiction trilogy *The Lost City Chronicles*.

This book captured the attention of my kids ages 12, 13, 14, and made for great discussions as a family.. The following review is from my 12-year-old, when asked to write about what she learned in

studying this book. This speaks volumes: This year we read a book called Seven Steps to Hearing God's Voice, and I feel like I got a lot out of it and now have a closer relationship with God. Through this experience, I have found things that I wish to more thoroughly witness with God. But these are the things that really stood out to me and that I think are the things that I really understand more than before. One of the things I feel like I learned was God is Lord of Creation. We are not. God does not exist to help navigate us to where we want to go. He is the one who leads us through our own adventures. He does not co-pilot with you. This stood out to me because it really connects to how sometimes I try to tell God to do something, or I don't ask him and think that I can do it all on my own. I plan to put this learning experience into my life by trusting God to do what he wants with my life and not trying to fix my problems the way I would, and just ask God for the help that I need - all the time. The most valuable lesson of them all that I learned was because God is God, he can speak to his people however he chooses, and that is not our choice. But we do make the decision to watch and listen for him and to be ready to do what he tells us. This seems important to me because sometimes I think I watch and listen like God wants us to, but in truth I am not normally watching and listening to see God influencing others through me. I will now act upon this by starting to really be aware when I think God is trying to do something with my life or other people around me. I will also be aware of how God is influencing the lives of others. Though this is the most important thing I learned while reading, I am still yearning to learn more about God and the different gifts he has showered upon us.

I gave this to my tween daughters to read and they absolutely loved reading it. The writing is so engaging that the information has stuck with them and continues to challenge them. Often, we are reading through the bible and they will stop me to tell me how this book explained this passage or the funny story that was in the book about this bible story. A great book to get your younger teen or tween interested in reading the Bible for themselves and figuring out how to follow God with their life.

The book content is good but I have a problem with the Kindle Fire version. The kindle version made the book all clumped up and nothing was properly formatted. I am extremely unhappy about this and expected more as it was the first book I bought from the kindle store.

7 Steps to Knowing and Doing the Will of God of God by Tom Blackaby, Mike Blackaby, and Daniel Blackaby is an excellent informational book because of its clear writing style, effective descriptions,

practical content, and interesting incidents. Easily explaining a true scriptural view through the use of seven "steps" makes this book understandable and relatable. Everything taught throughout is conveniently applicable to everyday life spiritually, physically, mentally, and verbally. Not only do Tom, Mike, and Daniel really speak to the readers with Biblical verses and references, but they also use interesting examples taken from their own life experiences to illustrate a Godly point of view.

I bought this book for my 12 year old grandson. I enjoyed it as much as he did. Must read teens who want to develop/deepen their relationship with God.

Read this to my preteen son

If you are familiar with the Experiencing God study/book by Dr. Henry Blackaby you will know the basic premise of this book. But this one is geared towards teenagers, and it is sure to be popular with them because of the way it is laid out, the humorous stories, the great graphics and the easy to read style. The Blackabys are likable authors. Good job.

This is an excellent book, makes you think, God has the perfect plan for our lives, He shows us how to live it, and stay focused. Nothing else matters. Louise
