How To Officiate A Wedding: An Essential Guide To Becoming A Wedding Officiant, Creating A Wedding Ceremony Script, And Conducting The Perfect Ceremony (Officiating A Wedding)

Synopsis

If you've been entrusted with officiating a wedding ceremony for the first time, then this book is definitely for you! Read on your PC, Mac, smart phone, tablet, or Kindle device. Being asked to officiate a wedding is an incredible honor. The soon-to-be husband and wife must hold you in very high esteem to have entrusted you with the responsibility of performing the ceremony that will bind them together for the rest of their lives. When most people think of a wedding, they immediately think of exchanging rings and reciting vows; but there is much more to being the wedding officiant than just reading a few lines and telling the bride and groom what to say and when to kiss. You may be wondering, what exactly is your responsibility? And how should you go about preparing yourself for the big day? That's exactly what this ebook is designed to help you with. There are many details that need to be considered and addressed, and I'm going to guide you through them all. Step by step, you will learn everything you need to know and do in order to make your loved ones' big day absolutely perfect. Here Is A Preview Of What You'll Learn... The Legal Nitty-Gritty Preparing Yourself Honoring the Couple's Wishes Perfecting the Flow of Marital Proceedings The Rehearsal and the Wedding Much, much more! Download your copy today!

Well this is a short very well written, I managed to read it in a less than an hour as I was very entertained with all the content. Soon I'll have more to say about this topic but I need to avoid talking about it right now. Generally the guide is a key lesson to those who are asked to officiate a wedding or just planning one. The tips are helpful and described constructively. After reading this work, you'll be able to open your mind and have some interesting ideas for the ceremony. I really recommend it!

I've done two weddings in the past, but it was many years ago. The first one went well because the Bride and Groom had everything ready just needed an official. I wasn't very happy with the job I did on the second one, it was last minute and they had nothing prepared and I had about 1 hour to to prep. I am doing another wedding in about a month and I was looking for a guidebook. Let me tell you, this is not it. If you've attended a wedding or even seen one on TV you know what this book will tell you. It doesn't provide specific directions on anything. No links for licensing or state laws. No ceremonies or vows. Do not get this unless you already have Kindle Unlimited. Also you can get better information just searching for Universal Life Church and wedding planning websites.

Very helpful. this is a good book for someone who wants to officiate a wedding. this is a practical guide and includes most of the steps because not many people knew about this before. I was happy to get this book and wonderfully written, easy for everyone to understand.

This is a helpful guide for people who are asked to officiate a wedding or anyone planning a wedding. It has tips on how to make a script and how the program should flow. My sister is getting married in a few months and this book gave us ideas on how to go with the wedding ceremony. Very helpful guide.

Indeed! There are added services that can be offered by wedding organizers. This book has good information that can be used by new ministers who want to improve their wedding services. As a past event organizer, I consider weddings as one of the most in-demand occasions that need a lot of preparation. This book, although short, has useful insights that can help anyone, whether a professional officiant or practically anyone who wishes to help the bride and the groom.

This book took a lot of guess work out of my upcoming weddings I will be performing. It has given me some facts and ideas. I'd recommend it to anyone who is getting ready to perform the wedding ceremony.

This little book covers the basics but hoped for more information. It also assumes the couple are heterosexual and the officiant is male. If you are looking for a brief into to the basics this book will be helpful.

I liked that it gave a good basic outline for someone considering doing weddings for family and friends. It would need more depth for those considering officiating as a side gig, an officiant has to want to make an impression as someone who truly cares. Good read.
