## Customer Reviews

Day At A Time 2016 Box Calendar

Not like the previous years calendars. It's made and holds together well. But the content just appears to be lacking, especially in comparison to previous years. I purchased this for the simple reason that my office thoroughly enjoyed the 2015 - 2013 years from Sports Illustrated. But this year, there appears to be less imagination, and less enjoyable content. This is the overwhelming theme among the entire office. It's to the point where we've gone and looked for something to replace it. Don't get me wrong, there are bikinis and other similar clothings, but the fantasy and magic of previous years isn't felt in the 2016 year's calendar.

With the calendar how else can you get the most beautiful women in world to wake up to her in a bikini and her and her friends

As Advertised

I purchase this calendar every year for my husband and he relly enjoys them. What's not to enjoy!

purchased this for my son who now wants next years as well-from a man's point of view, he said,

"you can't go wrong gifting this to any man"

Of course I like the calendar! Who wouldn't?! However, there is one HUGE omission. There is no Kate Upton. Somehow I will survive.

Arrived in good time and the recipient was surprised and delighted by the gift. Thanks.

Gave this as a gift and the person was very happy!
