The Power Of Faith Can Move Mountains: Attain Health Happiness And Love.

Synopsis

~ç~ Ñ~ç Improve your health and well-being.~ç~ Ñ~ç Remove the problems from your life~ç~ Ñ~ç Increase the power of your faith In life, day-to-day problems come to us all, but if our faith is weak, even small problems can quickly grow to appear bigger than they really are. Doubt and worry are the most destructive forms of fear; they can cloud our vision blinding us from the truth. A mountain of doubt can cripple your life. Like a rabbit in headlights, you close your eyes and freeze, hoping the problem will go away when you have opened them. When it remains, you can be left dazed and confused not knowing what way to turn. All rational thought goes out the window. In a panic to get things back to the way they were; you can make all the wrong decisions. No one likes change, but it is much easier when you come from a place of strength; when it originates from a place of faith and not fear. Faith is like a muscle; like any muscle, it needs to be consistently exercised to have maximum power. When all is going smoothly, our faith can be easily neglected, although this is the time that we must use to maintain its strength. If you were asked to run a marathon tomorrow, unless you had put in the training, you might not even reach the half way point. How then can you expect to have the faith to remove the problems from your life if you do not first develop a level of faith that can do so? Faith is something that needs constant attention or thoughts of doubt will set in. In this book, I will share with you methods to increase your faith, and keep it at its highest level; so you are prepared for any problem or difficulty that may arise. When you nurture your faith, you will begin to see your life change in unusual ways. Things that once held you back will soon fade away. A simple change of perspective can make a mountain become level ground. Change your life today; increase the power within.

Customer Reviews

This is a phenomenal resource for living a healthy and prosperous lifestyle. According to the Word of God, faith can move mountains with only a size of a mustard seed. I am ready to begin my new journey of speaking and moving mountains by faith!

I have read now all books by Rev. J Martin, I find him to be so inspiring, and gives a simple way of looking at all issues and problems that effect our daily lives. Don't let the shortness of these books fool you they are pack full of faith and inspiring stories, which I love. I feel so very inspired and my empowerment grows even more as does my faith.

I like the simplicity of the book and its clarity, easy to understand.I' like its length, I read it in one sitting.I was struggling with faith, for a long time, I asked God to help me understand. He used this book to do just that.I also like the explanation of the difference between praying about your mountains and speaking to them.

I was inspired by this message. It was simple and to the point. I feel that it is a good introduction to the principles of faith in God.

This book is dynamic and inspirational. It addressed a lot of issues that I have with my Faith. My take away is ask big and believe even bigger.

A good book to read if you want to increase the intensity of your faith. This is one of the best books I have interacted with pertaining to the power or rebuking what's not good for the soul. Highly recommended.

absolute must have

If your faith is wavering, like mine has been, and you are lost for words in prayer, please read this gem of a book - it will change your Christian life forever!
