# Supervision: Concepts And Skill-Building (Irwin Management)

## Synopsis

Certo's Supervision: Concepts and Skill-Building 8e prepares students to be supervisors in a challenging modern workplace. It is based on the premise that organizational variables including diversity in the workforce, computer and communication technology, and the design of organization structures are constantly changing. Overall, this text focuses on discussing important supervision concepts and providing fundamental skills necessary for applying these concepts. Students will learn the critical role of a supervisor in an organization and the abilities needed to be successful.

## Customer Reviews

A requirement for a Supervision class I'm taking. The writings and lessons are somewhat obvious, but I'd rather that than overly complex. The review and discussion questions at the end of the chapters do make me think "outside of the box"

Excellent book. Received an 'A' in the course. Thank you.

It was used!!!!

Nice

Pretty good book.

Good!

I had to sue this for class in my semester and I thought this book was extremely informative if you are going into the management or human resources major.
