Barbados American Connection

Synopsis

Much has been written and spoken about the debt of small nations to the United States of America. Any reverse trend, however, is rarely highlighted. The Barbados-American Connection is a colourful and accurate account of the long-standing relationship between the giant nation and her tiny neighbour, and shows beyond doubt the tremendous contribution made by the small island of Barbados to the growth and prosperity of the United States. May Lumsden's easy style and her eye for accurate detail make this an informative and fascinating story about a previously ignored piece of history.
