Customer Reviews

My kids take lessons with an absolute master violinist with 50 years experience and this is the book he insists on using. They are very easy to read and well laid-out. The books follow a logical

progression to understanding the instrument and have served both my children well for violin and viola for several years.

The Book 1 and 2 were in excellent condition, New. Doesn't come with a cd but a card to request for one or to download. My daughter already used Book 1 before, we replaced her old one. Great book to learn from and easy to use.

Great for remembering how to play the viola.
