Customer Reviews

Very funny man in his writing. I laugh from time to time. Very awesome book and a page turner. I highly recommend this book.

What a remarkable jumble of stories Mr. Altucher has written. I suppose they were all blog posts but the lack of coherency between chapters actually works for him. As an author Mr. Altucher is honest to the point of discomfort, he tells his self-deprecating stories and I remember the times I felt what he felt and did what he did. Despite the occasional embarrassing memory James has been a positive influence in my life with his books and blog and I highly recommend him to everyone. Awesome book!!! Lots of great information in this tome!!! Get this!

Brilliantly written as all of James Altuchers writings are. His is one of a few blogs that I read consistently because of his insight, entertainment and truth. I love his work, find it inspirational on so many levels. This book follows that tradition and is well worth the read!

The stories jumped around too much and was too vulgar for my liking and although I managed to finish the story, a habit I have, I just don't believe that I could recommend it to others. Sorry. PTL

One of the clearest, most refreshing voices I've read in a long time.

Ok, easy read, vocabulary was a little too bland, simple. Stories did not seem to corroborate actions that were experienced. Far fetched!

James Altucher has had lots of (self inflicted) drama in his life. It's a good lesson to prevent similar situations. I'm looking forward to read more of his books.
