Learn To Draw Manga: How To Draw Manga For Beginners (Manga Drawing Books Book 1)

Synopsis

The #1 important thing to consider when setting up your workspace is "comfort". Remember, you will be sitting here for hours at a time. Make sure your area is well lit and as clutter free as humanly possible. I like to keep inspirational objects and reference material around my work area so I can stay juiced about what I'm doing. (Notice the DangerGirl action figure set over the desk). I also like to keep all my tools within reaching distance so I don't have to break my train of thought to grab a tool while working. I hang them on the wall to keep my desk space clean and clear. I keep a large collection of Video Game mags and manga on hand to use as layout or reference material. If you drink or eat at your desk make sure your food/drink items are secured. I've accidentally spilled more coffee on artwork than I care to mention so now I keep that stuff on a side stool away from my workspace. Comfortable, Clean & Bright!
