I say yes to this book! Well, I'm an uncle of two little boys, and I'm

starting to pick out little books for them. I can say this one will come first on my list. When I was about Marty's age, my imagination was all but as vivid as his, particularly about monsters. Yes, I hoped there were funny and kind-hearted monsters out there, not only vicious and blood-thirsty ones. When this book fell into my hands a few days ago, it gave me a flashback to my own childhood years. Yes, it is as fun and entertaining as a sheer mirror of my imaginative childhood experiences! So are the pictures! Somehow I know, it won't make my little nephews feel bored, and the end will make them feel even happier. I say yes to this book!

Now that's a little cute story here about a little bit and his furry monster friend getting through the usual bed-time routines and having some fun along the way. The illustrations are vibrant, and the little monster looks so adorable. The rhyming is pretty smooth too, and the entire story is kind and bright. My son liked it, so I am pretty satisfied with this little book.

I gave it to my nephew and it's really caught his attention because of the beautiful and colorful illustration. I also like how the book recognized and easy to understand. The story is very entertaining that everyone can enjoyed reading it especially for the kids. This is the best bedtime story that we should read on our child's before they sleep. Very interesting.

This is a great book on Amanda calls the monster. Thank you Ellie J. Woods for making my little daughter so happy! She likes the story itself, pictures, rhyme, and other plots. Now she won't let go of the idea of meeting a little monster and teaching it what and how to do before turning in! The book is worthy of attention! I highly recommend it.

This story is a little thriller with a happy end! My son begs of me to read it dozens of times each day. It is quite simple yet meaningful. It teaches friendship and responsibility. Everything starts with little things like taking a bath or brushing teeth. Thank you!

This book is all so engaging and peaceful. My kids were delighted to read about a little boy making friends with a monster who wanted to learn to do bedtime routine. Children like to teach, and the rhyme made my little ones want to learn. Very fun!

Marty and Momo made friends and the story made a sweet rhyming lullaby. It put to sleep my rowdy

little boy pretty fast, and next time he wanted to hear it again. We never get bored of a good books, thank you!

Wow!!! I really enjoyed reading this book.I found a lot of interesting in this book especially for children. The book is worthy of attention.I would recommend this book.
