## Customer Reviews

Wonderful book! I got it for inspiration on Egyptian art I am working on. I got loads of ideas from this book. Lots and lots of colorful designs included. I didn't want an Egyptian history book as I have many. I wanted a book that solely focused on Egyptian design and style and colors used by them. It is ideal for that.

More than half of book is simply panels of geometrical designs, also poor resolution of pictures

Beautiful, strong and meets all expectations.

Very nice illustrations, very inspiring
