# Acupuncture For Insomnia: Sleep And Dreams In Chinese Medicine

## Synopsis

Insomnia and related sleep disorders concern 10-40% of the adult population and even up to 25% of children, affecting alertness and memory, causing emotional and physical fatigue, and putting the individual at increased risk for depression, cardiovascular disease, hypertension and other health hazards. *Acupuncture for Insomnia: Sleep and Dreams in Chinese Medicine* presents a highly effective treatment for chronic and acute sleeplessness using therapeutic strategies from both TCM as well as classical Chinese medicine. Special Features: Provides full background on the physiology, causes, and treatment of sleep disorders, drawing key parallels between concepts of Western and Chinese Medicine Classifies all acupuncture points that affect sleep to help in choosing the most appropriate treatment for your patient Offers a detailed analysis of sleep in Chinese medicine to give you a full understanding of the energetics of sleep and wakefulness Analyzes the significance of dreams in Chinese medicine and how dreams can be skillfully integrated into a patient's therapy Written from the unique perspective of a physician who is also trained in TCM and classical acupuncture, this book presents numerous case examples, and an up-to-date review of scientific studies on Chinese medicine and sleep. It is an essential reference for all acupuncture practitioners who provide optimal treatment to patients with insomnia, sleep disorders, and other sleep pathologies.

Founder, Academy of Chinese Healing Arts, Winterthur, Switzerland

This book is brilliant and has supported my specialty in sleep problems. It takes some studying to understand the principles but it beautifully puts together TCM patterns, wei qi mechanisms and the extraordinary vessels, as they relate to sleep.

Wow. what a great resource. Very detailed. Seems to leave little if any stone unturned. This is an immense subject too. Very artfully done.

Its OK, very useful for clinical use. It has helped me to better understand sleep and dreams into Chinese medicine.
