Be Reverent (Ezekiel): Bowing Before Our Awesome God (The BE Series Commentary)

Synopsis

The modern church has become a comfortable place, as congregations focus on creating warm and welcoming environments. But have casual attitudes replaced reverence for the Lord? The prophet Ezekiel was called to remind God's people about His holy and glorious nature, and that message remains as relevant today as when it was first delivered. This study examines Ezekiel's mission to describe the indescribable, a God beyond imagining, a King worthy of our reverence. Part of Dr. Warren W. Wiersbe's best-selling "BE" commentary series, BE Reverent has now been updated with study questions and a new introduction by Ken Baugh. A respected pastor and Bible teacher, Dr. Wiersbe calls us to rediscover the awesomeness of the Lord. Filled with inspiring words and images, Ezekiel's timeless message will draw you into a deeper level of holy reverence for our God. **BE**

Dr. Warren W. Wiersbe is an internationally known Bible teacher and the former pastor of The Moody Church in Chicago. For ten years he was associated with the Back to the Bible radio broadcast, first as Bible teacher and then as general director. Dr. Wiersbe has written more than 160 books, including the popular "BE" series of Bible commentaries, which has sold more than four million copies. He and his wife, Betty, live in Lincoln, Nebraska.

Be reverent is virtually a verse by verse study of Ezekiel, Wiersbe takes a literalist viewpoint and explains this prophetic old testament book, but he also shows how there are nuggets and morals and truth that we can and should apply to the here and now of everyday living. Sidebar also gives us some awesome commentary on the prophetic portions of this book in which there are many I.e. future wars chp.38,39, - valley of dry bones. If one was to study the book of Ezekiel side by side with this commentary, I feel they understand Ezekial better than they ever have. Glad I read this commentary.

There is NEVER a Wiersbe book that I have found yet that was not excellent. It is an excellent addition to my Bible library. I would buy the whole series, now available to buy in a complete set, except that I have a large collection that I purchased individually, I recommend this to anyone who is looking for an excellent study guide for a layman or pastor.

This was a free Digital E-Book as a gift for subscribing to (David C. Cook Books) related to scripture that I stumbled upon through using the (YouVersion Bible App.) I haven't read it yet but am looking forward too.

I like Warren Wiersbe's commentaries and often refer them to laity who are interested in additional reference material for their biblical study at home. It was easy to read and understand.

As always WW Wiersbe's little book on Ezekiel is written so that anyone, who is familiar with the Bible, can gain a better understanding of some of its major truths.

Got this go with the study! Great combo and easy to read! Highly recommend!

Tremendous addition to my Bible studies.

Will help with my bible study
