# Being A Claims Adjuster: The Basics

## Synopsis

You want a job as an insurance claims adjuster or you just got a job as an insurance claims adjuster, but you are not entirely sure what such a job entails. This guide explains what is in store for you. Whether you will handle auto property damage, bodily injury, property claims or others, this text gives you a flavor of what to expect. It also covers some intangibles like claims office politics. If you read this and take it to heart before you begin your job, you will have a comfort level to help put you at ease.

eBooks > Business & Money > Industries > Insurance > Casualty

## Customer Reviews

I appreciate that someone took the time to put thoughts to paper, but it is unfortunately not an organized presentation. No true industry info...just tips like "Don't use alcohol or drugs to cope with stress." Or "Don't associate yourself with the office complainers or you won't get promoted. " I read this through my Kindle Unlimited account so it's good that it was free - if I had paid money...even \$1...I would be requesting a refund.

This book gave great insight into the world adjusting and I learned a great deal. I am considering a

career in adjusting and this gave me info. I needed to make the decision.

The book was an overview of things you could see in claims. I felt it was informative and easy to follow.
