# The Lost Groom: Bachelor Billionaire Romance (A Park City Firefighter Companion)

## Synopsis

Enjoy this fast-paced sweet romance by Taylor Hart. Luke Freestone ventured out on his boat to celebrate the deal of a lifetime, never expecting to run into the ex-girlfriend--the woman who had eloped with his best friend ten years ago. After apologizing for missing her husband's funeral, she slaps him, and he kisses her -- revealing the sparks he'd long since hidden. Savannah Loveless, matchmaker extraordinaire, ventured back to Park City to visit her family and save enough money to get to California. There was no room in her fresh start to deal with Luke Freestone or the secret she'd kept for ten years. As far as she was concerned, the past could just stay in the past. But Luke wants closure, so she agrees to help him find a wife--she is a match maker after all and if she can't find a match for someone she loves--used to love--then she might as well walk away from the business. However, the more time she spends with Luke the harder it is to tell if the feelings she's having are from the past...or from right now. As things heat up, they have a choice to make--stay lost because of the past or let love find them once and for all. I'm a big fan of the Bachelor Billionaire Romance series and this one was just as good as all the rest! I got caught up in the emotional journey of Luke and Savannah as they reconnected after years of being apart. Their relationship was explosive, tender, touching ... all of the things that make up a deliciously swoony romance. I loved Luke's witty sense of humor and Savannah's sass. This book is well worth the read. Word to the wise ... clear your schedule before starting this one because you won't be able to put it down. Jennifer Youngblood

The Bachelor Billionaires start with a football player hiding from the press in Jackson Hole, Wyoming ... and lead us to an almost billionaire in Park City, Utah. There is overlap with my "Last Play Romance Series" and "Park City Firefighter Romances". Here is the order I would recommend reading them in:

Second String  
Almost Everything  
The Unfinished Groom  
The Barefoot Groom  
The Masquerading Groom  
The Christmas Groom  
Rescue Me: Park City Firefighter Romance  
The Lost Groom  
The Undercover Groom

## **Customer Reviews**

I loved this story! The romance was so fun. The chemistry between these two main characters was so perfect. This story had sad parts, funny parts and plenty of sweet clean romance.

The romance wasn't straightforward and both the hero and heroine had issues to overcome. Taylor Hart is very good at writing characters the reader can relate to. I enjoyed this book.

I love this book, and I loved the one before it. I can't wait to read the next one. My only problems are that grammar doesn't matter much to the writer and that the sun does not rise over the ocean in California unless you're on Catalina island. One of the characters escapes to California and watches the sun rise above the water, the sun sets here for us in California. I'm not sure how much the author researched other aspects and details of this book.

Love lost, secrets, heart broken, love found...It's all here. The history of the characters was one of my favorite parts....

More angst than I anticipated, but probably closer to real life in similar situations.

Chose this because I enjoy the author . Enjoy the light and quick reading and love to enjoy finishing in a short time and the fact the book is clean

This book explores elements of forgiving, sacrifice determination and moving forward - combined with lots of unconditional family love. Cutest ending ever!

Taylor Hart is another great author loved her books
