The Cradle, The Cross, And The Crown: An Introduction To The New Testament

Synopsis

The Cradle, the Cross, and the Crown guides serious New Testament students through the historical, literary, and theological dimensions of the biblical text, allowing them to better understand and share God's "word of truth" (2 Tim 2:15). It offers a thorough introduction to all twenty-seven books of the New Testament and closely examines events such as Christ's incarnation and virgin birth, his crucifixion and resurrection, and his triumphant return. The second edition features updated bibliographies and footnotes, interpretation sections that cover different literary genres in the New Testament, an epilogue that canvasses the entire storyline of Scripture, and a variety of maps. All of these new features contribute to making this a life-long resource for students of Scripture.

Customer Reviews

"The Cradle, the Cross, and the Crown is a comprehensive and informative introduction to the New Testament. Written from a convictional evangelical perspective, this marvelous volume carefully interacts with the most up-to-date issues in modern scholarship." —David S. Dockery, president, Trinity International University/Trinity Evangelical Divinity School "The authors not only provide the reader with a solid orientation to every NT book, but they also directly address a broad range of issues that scholars have raised. The end result is a richly informative text that is very readable and abundantly helpful." —Clinton E. Arnold, dean and

professor of New Testament language and literature, Talbot School of Theology, Biola University

“This volume ranks among the finest such studies of recent decades in classic matters of New Testament introduction. Beyond an impressive digest of scholarship, it is an appeal to faithful appropriation of the New Testament message.”

• Robert W. Yarbrough, professor of New Testament, Covenant Theological Seminary

Andreas Köstenberger is senior research professor of New Testament and biblical theology at Southeastern Baptist Theological Seminary in Wake Forest, North Carolina. He is the founder of Biblical Foundations and serves as editor for the Journal of the Evangelical Theological Society (JETS). L. Scott Kellum is professor of New Testament and Greek at Southeastern Baptist Theological Seminary. Charles Quarles is director of Ph.D. studies and professor of New Testament and biblical theology at Southeastern Baptist Theological Seminary.

Probably my favorite New Testament Introduction. It is lengthy and it is comprehensive, but it is packed with mountains of information on the New Testament, written in an approachable and fairly easy to read style. It is actually a pretty quick read (as quick as an 1100 page book could be). This book addresses every issue you could imagine in NT scholarship (plus a few you probably hadn't thought of yet) from the perspective of biblical inerrancy. It is so refreshing to see top-level scholarship that upholds the authority of the Word of God. Thank you for this book, it is an invaluable contribution to the Church.

This is an excellent study of the New testament. I highly recommend it to all Liberty University Seminary Students as well as laypeople.

Excellent overview of the NT from a conservative evangelical viewpoint.

This is an outstanding study, and I recommend it whether it is required for your Seminary courses or not.

Great book to get an introduction to the New Testament

As expected

I am finding this one of the most interesting books on the new testament that I have read explaining the bible I have ever read. It is not only interesting but very clear in the explanation of the time and what is going on at the time period they are writing about at the time. I have not finished it but I will.

Very good text book. I use it in seminary and I think its been one of the better written text books I have ever had.
