Sneak (Swipe Series)

Synopsis

“Apocalyptic dystopian fiction at its best. Angler’s sharp wit and dexterity with political themes are matched only by the thrilling suspense on every page.” —**Lis Wiehl**, New York Times bestselling author and FOX News correspondent

In a future United States under the power of a charismatic leader, everyone gets the Mark at age thirteen. The Mark lets citizens shop, go to school, and even get medical care—but without it, you are on your own. Few refuse to get the Mark. Those who do . . . disappear. Logan Langly went in to get his Mark, but he backed out at the last minute. Now he’s on the run from government agents who will stop at nothing to capture him. But Logan is on a mission to find and save his sister, Lily, who disappeared five years ago on her thirteenth birthday, the day she was supposed to receive her Mark. Logan and his friends, a group of dissenters called the Dust, discover a vast network of the Unmarked, who help them travel safely to the capital city where Lily is imprisoned. Along the way, the Dust receives some startling information from the Markless community, opening their eyes to the message of Christianity and warning that humanity is now entering the End of Days. When the Dust finally arrives in the capital, it seems that all their careful planning is useless against a government that will do anything to bend its citizens to its will. Can the gentle words Logan has found in a tattered, banned Bible really stand against the most powerful military the world has ever known? Can Logan even sacrifice his own freedom, choosing to act through faith alone?

Customer Reviews

Gr 7 Up-Logan Langly is keeping the dystopian saga started in *Swipe* (Thomas Nelson, 2012) moving forward. Before receiving the Mark that would allow him the status to buy food, go to the doctor, and enjoy all the rights of being an American Union citizen, he backed out and went on the run. Struggling to survive as he makes his way along an underground network, he is determined to find his sister, Lily, who also disappeared before receiving her Mark. The teen teams up with a group of "Markless" misfits as they travel toward the capital city through obstacle after obstacle, trying to rescue Lily, discover the truth about the Mark, and learn more about a banned book called the Bible. *Sneak* is a page-turner. Angler keeps the story moving at a quick pace, emphasizing the teens' trials and tribulations, but it is difficult to follow without having read the first in the series. The large cast of characters seems excessive and their lack of defined personalities makes them tricky to remember. The story's Christian elements are potentially too marginalized for readers seeking Christian fiction and a little out of place for those looking for dystopian fiction.-Emily Chornomaz, Camden County Library System, NJ

“Apocalyptic dystopian fiction at its best. Angler’s sharp wit and dexterity with political themes are matched only by the thrilling suspense on every page.”
Lis Wiehl, New York Times best-selling author and Fox News correspondent --This text refers to the Audio CD edition.

If you don't want to have a story that you cannot put down until you have finished the last book, then I do not recommend this series to you. My only complaint? Evan hasn't published any more books yet! Great series.

My kids love this series, and you know it's good when they bring the book to Mom or Dad when done and urge, "You REALLY, REALLY have to read this, Mom!" I got this book and the others in the series as an alternative to the popular dystopian secular Hunger Games series.

If you're ready to join the struggle to save a world already decimated by war, famine, disease &

catastrophic damage to the planet itself, then join the unMarked as they finally find reason to rise up to right the wrongs of their fathers in a gaggle of youth called the Dust who are willing to stand together against Dome or die trying. The cause is just and the action never stops in this chilling dystopian series that enumerates the evils we are willing to accept and the freedoms we're willing to give up for the illusion of ease in the midst of chaos.

Jumping too fast through each part of the story. But, yet it is fun to try to follow. Book one was better. I am far enough into it to not search for book 3

This is an amazing book! Very good writing style, and characters that I really got attached to. There was many plot twists along the way that were very good and exciting. I would definitely recommend this book to every person, no matter what their age is! Best of wishes to Evan Angler!

Evan Angler really pulls the reader into the story. I can believe that this is a very possible future and that God would use the unexpected acts of teenagers in exactly this way. I was drawn in on page 1 of *Swipe*, borrowed from the local library, and just had to buy *Sneak* to find out what happens next. I can't wait for the next book! You can read the description for yourself, but the story is excellent, well thought out, I didn't see grammatical errors that are so common. Formatting even worked correctly on my Kindle Fire.

I started reading the first book "Swipe" to check if it will be appropriate for my children and found out that I enjoyed the book and looked forward to reading the second part of the series. To my surprise, I found it even better than the first. My daughter is now reading the first book and cannot wait to read this second one. We are both looking forward to the third installment of the series. Did not read any foul language which is a plus for me as a parent.

I'm so surprised this book just was crazy it made me want to know what happens next I spent endless hours reading this book and by far the best I have read is this
