## Customer Reviews

This guide has been a lifesaver in music planning. I'm a new organist/choir director and this manual not only helps with hymn selection but has great suggestions for choir anthems. This book has been a central guide in music planning for my Episcopal parish. I definitely recommend it to anyone planning music for a congregation.

Our worship committee uses this booklet as a starting place for selecting the hymns for Sunday

services. The layout is very convenient allowing the committee to select hymns that support the readings.

Glad to have this as ebook. Now I can choose music even on the go.

this is nothing more than a collection of spreadsheets that don't translate well on the kindle. Waste of time and money.

Brand new - fast shipping - great offering - excellent seller - THANKS!

As expected.

This book has made it so much easier to select hymns for our worship services. When we hire a new organist it should prove invaluable for them.

Excellent!
