Customer Reviews

Praise for The Notebook of Doom #1: Rise of the Balloon Goons: "Cranking up the horrorlarity with googly eyed cartoon figures and sight gags on nearly every page, Cummings pitches his nervous but resourceful newcomer into a climactic, all-out battle with an entire army of aggressive, air-stealing bendy balloons... An unusually promising series opener for proto-Goosebumps fans." -- Kirkus Reviews
Praise for The Eensy Weensy Spider Freaks Out!: "Clever text full of witty asides." --

School Library Journal Praise for More Bears!:"[Artwork that is] infused with zaniness of fun." --

Troy Cummings has been drawing since he was a little kid. His illustrations have appeared in newspapers and magazines, on websites, on frozen-fish-stick packages, and in hospital waiting rooms. His picture books include *The Eensy Weensy Spider Freaks Out!*, *More Bears!*, and *Giddy-Up, Daddy!* The *Notebook of Doom* is his first early chapter book series. He lives in Indiana with his cat and family.

My 6 year old boy loves these books! He asked me "Do you know who my favorite author is?", I answer "Troy Cummings", and he says with a big smile "You know it!". He also has read the first 15 or so of the *Magic Tree House* books, and he likes those, but he gets much much more excited to read the *Notebook of Doom* series. He started to write one of his own notebook of doom books... so this has definitely encouraged him to be more creative. The monsters aren't that terrible, but the books made him nervous a few times, and it was a good conversation starter for how monsters are not real, and how being scared/nervous is healthy, and what it means to brave/courageous.

It arrived yesterday on release day, and we couldn't put it down! Absolutely wonderful addition to the series. A big surprise inside! My kids and I love *The Notebook Of Doom*!

This was another fun read for me and my 6YO. We love this series and seeing the characters being developed is really fun. He's already excited for the next book even though we don't know what it is or when it will come out!

Good book

My son still loves this series. We have to get every new book even though three are now below his reading level. He still wants each one and looks forward to the next!

My kids (ages 6 & 8) love this series. This is the only series that they will occasionally remember to ask if the latest book is out yet. They get so excited when the latest book comes in the mail!

My six year old says "It is awesome! It's just awesome, yo!" We have read all the books in this

series and pre-ordered the next one. Enjoy!

My seven year old loves this series. It is funny and the monsters are not scary.
