Shawn Bolz is one of those guys who just help you get it. Authentic, real, mature, funny and wise. This book really helped me finally grasp the role of money & career in the kingdom, past the religious stuff. The glory of God is all over this book and has the potential to change your paradigms. Fresh and full of freedom in the Spirit. Both grounded and supernatural. I wish you a lot of glory and Presence while you read it, so you can see what God wants to reveal. It sure helped me greatly!

I like this book a lot! It was use for my Wagner Leadership Institute marketplace or WLIM. We have other books that my teacher told us to read and each of them are great. This book is special, it has revelation that encourage me to go through my season with God and hold on. Many books will say or translate the vision from the writer but not many have bible verse backing each and every testimony or vision. THIS book does! I encourage anyone who are in a season of transition or called into the marketplace to read this. Even if you don't have your own business the lesson applies to personal lifestyle.

Shawn Bolz's book "Keys to Heaven's Economy" is an interesting read. I have to admit, as I began reading the book my initial thought was, "yeah right!" However, I am learning to set personal judgments aside in order to learn what the Lord might have to say to me. Therefore, I continued to read the book to discover Shawn's experience. After finishing the book, I believe Shawn to be truthfully revealing his experience in the Lord as best as he is able. Undoubtedly, heavenly things would be beyond our ability to comprehend fully. Ezekiel did his best to explain what he saw while sitting at the Kebar River. John did his best to explain what he saw in his visions found in Revelation. The bottom line and my takeaway from the book is that heaven has vast resources that we in the body of Christ must learn to accommodate for the Kingdom's sake. God has made these provisions and they await our facilitation. I would recommend this book as one that will both stretch and stir faith.

I am exceedingly blessed by this book, it felt like I was eating fresh manna from heaven to restore my spirit, soul and body. Books like this are rare to find. Some of the prophecies or visions which are written in this book are already happening. God bless you even more Shawn for your faithfulness, you are a role model for the body of Christ.

Shawn's revelations bring such insight into kingdom reality, what is on the God's heart and agenda.

Shawn keeps pointing us back to Jesus, that everything the Father desires to do is so Jesus will be glorified! Shawn carries a prophet's heart in the fullest measure.

I bought this book after watching Shaun Bolz share the Word of God on YouTube and being impressed with what I heard. This book is even more impressive. I'm preparing to lead a team of youth into a restricted country to do missions work, and we are in need of additional finances to get the job done. Reading this book has increased my faith and confidence in God's faithfulness to meet our every need extravagantly. This book came at just the right time!

Shawn heart for seeing God's love made visible to people really comes out in this book. I cried a couple times while reading it because it reinforced the Scriptural statement that Jesus did everything and all the resources that is needs to bring his Kingdom on earth is already prepared and is just waiting to be given to people who would steward it.

This book has renewed my excitement about finances in God's kingdom. This should be required reading in all churches. I recommended this book to two people before I finished it! But it. Read and practice what I it says. I'm convinced you will be glad you did!
