The New Revised Standard

Version (NRSV) is recognized in scholarly circles as the most accurate translation into English of the original Hebrew and Greek texts. In the tradition of its predecessors, the King James Version and the Revised Standard Version, the NRSV was designed to be the 'standard' version for English-speaking people across all denominations. None of the new, more sectarian translations have approached its standards of elegance and accuracy. This edition also includes the Apocryphal and Deuterocanonical books of Scripture.

Love the translation in that it interprets the gender according to the original manuscripts. But...the cover is some kind of plastic that doesn't really bend...leaves a crease...and its heavy. I put it in my bookcase and haven't used it. I ordered the one without the apocrypha..not because I like it but bc I couldn't find another one with that translation that is large print with an actual leather cover. I do use it even though the cover is bad bc the print is perfect...not giant and not tiny...and it is lighter than the other one

This was delivered on time. The shape of this is a bit different but it makes for a good study bible

I love this Bible the size and shape is great plus it has the Apocryphal/Deuterocanonical books in it. That was the main reason why I purchased it

Book is great. Good study tool made a replacement on prior damaged book due to freight system use. Good customer seller policy. Love having all the books of the Bible in one place.

Just what a 90 year old Biblical scholar and author needs!

This is the large print edition that I bought for a member of our congregation. It is easy to read and has a binding that will mean it can be used for many years. I love it.

I purchased this for my husband's Valentines Day gift. It arrived in plenty and he loves it. It is so good to see him reading his Bible again. The only reason I did not give this 5 stars is that a lot of pages, particularly in the Next Testament, had wrinkled and bent edges. I don't think it was a packing issue, but he's been happily straightening things out. I would highly recommend this product.

The font is nowhere near large. For people with eyesight problem and need bigger font, I

recommend that you look for something with even bigger font. This bible does not reference its chapters with a chapter mark on the side. Otherwise, it is a good bible
