Revised An Introduction To Project Management, Fifth Edition: With A Brief Guide To Microsoft Project Professional 2016

Synopsis

U.S. buyers get the kindle version free when buying a new paperback copy from . This text updates Appendix A for Project 2016 versus 2013. The other chapters and pagination are the same as the original fifth edition. Based on user feedback, the fifth edition of An Introduction to Project Management provides a separate chapter for planning integration and scope management and for planning time and cost management. Additional examples are provided for creating work breakdown structures and schedules. It also includes information on Basecamp, a free web-based project management tool, along with a user guide. In addition to updating many references and examples, this edition continues to include several popular features: - Follows the Project Management Institute's PMBOK® Guide, Fifth Edition (2013) - Has chapters for each process group and a comprehensive case study to illustrate applying tools and techniques throughout the project life cycle - Includes a Guide for using Microsoft Project - Provides a free trial of MatchWare's MindView Business software (www.matchware.com/intropm), a tool for creating mind maps, Gantt charts, and other project documents - Uses real-world examples and references, including opening cases and case wrap-ups, examples of what went right, what went wrong, media snapshots, best practices, and video highlights in each chapter - End of chapter materials include chapter summaries, quick quizzes, discussion questions, and exercises, with case studies provided in Appendix C -Comprehensive, secure instructor site available with lecture slides, solution files, test banks, etc. -Free Web site includes over fifty template files, online quizzes and games, data files for Microsoft Project, and much more. Visit the free companion Web site at www.intropm.com.

Customer Reviews

Yes, it's a text book and I can read it.

Great reference book for my students...

Thank you

This one was a very new book and very good service. I got the online version free for buying the hardcopy and I really liked the system!

This book is well laid out and a great approach to learning more about project management.

This a collage course book, it loaded to Kindle PC, and Kindle Cloud and works....

Revised An Introduction to Project Management, Fifth Edition: With a Brief Guide to Microsoft Project Professional 2016 (Paperback) is required for one of my courses in MBA programme. It meets my requirements.

it is a school book.
