# Microeconomics (6th Edition)

## Synopsis

For one-semester courses in Principles of Microeconomics. **The Relevance of Economics Through Real-world Business Examples** One of the challenges of teaching Principles of Microeconomics is fostering interest in concepts that may not seem applicable to students' lives. Microeconomics with MyEconLab makes economics relevant by demonstrating how real businesses use economics to make decisions every day. And with an ever changing U.S. and world economy, the Sixth Edition has been updated with the latest developments using new real-world business and policy examples. Regardless of their future career path—opening an art studio, trading on Wall Street, or bartending at the local pub—students will benefit from understanding the economic forces behind their work. **Also Available with MyEconLab**® This title is available with MyEconLab—an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students practice what they learn, test their understanding, and pursue a personalized study plan that helps them better absorb course material and understand difficult concepts. **NOTE:** You are purchasing a standalone product; MyEconLab does not come packaged with this content. If you would like to purchase both the physical text and MyEconLab search for: 0134435052 / 9780134435053 **Microeconomics Plus MyEconLab with Pearson eText (1-semester access) -- Access Card Package** Package consists of: 0134106245 / 9780134106243 **Microeconomics** 0134125886 / 9780134125886 **MyEconLab with Pearson eText -- Access Card -- for Microeconomics**

## Customer Reviews

Glenn Hubbard, policymaker, professor, and researcher. R. Glenn Hubbard is the dean and Russell L. Carson Professor of Finance and Economics in the Graduate School of Business at Columbia University and professor of economics in Columbia's Faculty of Arts and Sciences. He is also a research associate of the National Bureau of Economic Research and a director of Automatic Data Processing, Black Rock Closed-End Funds, and MetLife. He received his Ph.D. in economics from Harvard University in 1983. From 2001 to 2003, he served as chairman of the White House Council of Economic Advisers and chairman of the OECD Economic Policy Committee, and from 1991 to 1993, he was deputy assistant secretary of the U.S. Treasury Department. He currently serves as co-chair of the nonpartisan Committee on Capital Markets Regulation.

Hubbard's fields of specialization are public economics, financial markets and institutions, corporate finance, macroeconomics, industrial organization, and public policy. He is the author of more than 100 articles in leading journals, including *American Economic Review*, *Brookings Papers on Economic Activity*, *Journal of Finance*, *Journal of Financial Economics*, *Journal of Money, Credit, and Banking*, *Journal of Political Economy*, *Journal of Public Economics*, *Quarterly Journal of Economics*, *RAND Journal of Economics*, and *Review of Economics and Statistics*. His research has been supported by grants from the National Science Foundation, the National Bureau of Economic Research, and numerous private foundations. **Anthony Patrick O'Brien**, award-winning professor and researcher. Anthony Patrick O'Brien is a professor of economics at Lehigh University. He received his Ph.D. from the University of California, Berkeley, in 1987. He has taught principles of economics for more than 20 years, in both large sections and small honors classes. He received the Lehigh University Award for Distinguished Teaching. He was formerly the director of the Diamond Center for Economic Education and was named a Dana Foundation Faculty Fellow and Lehigh Class of 1961 Professor of Economics. He has been a visiting professor at the University of California, Santa Barbara, and the Graduate School of Industrial Administration at Carnegie Mellon University. O'Brien's research has dealt with issues such as the evolution of the U.S. automobile industry, the sources of U.S. economic competitiveness, the development of U.S. trade policy, the causes of the Great Depression, and the causes of black-white income differences. His research has been published in leading journals, including *American Economic Review*, *Quarterly Journal of Economics*, *Journal of Money, Credit, and Banking*, *Industrial Relations*, *Journal of Economic History*, and *Explorations in Economic History*. His research has been supported by grants from government agencies and private foundations.

Far cheaper than the bookstore rental, plus came in great shape. Definitely saved money when I was tight on cash in the summer session. Content-wise, I can see why the professor chose it. The rental period lasted longer than the course, so I had a month and a half or so of extra time. It goes into good depth and is actually pretty digestible. Highly recommend purchasing this way. After all, a fundamental econ assumption is that given the choice between two very similar goods, people go for the cheaper option :^)

Came in great condition and pretty much brand new. Precisely what I needed for this class.

This came as a loose leaf hole punch book with no binder. Read carefully what you are buying.

The book I needed! Came really quick which was awesome. I recommend getting the free 6 month trial for prime college. Exactly what college students need!!!

It came as I expected.

Exactly what I needed!

Great Condition

just what i need
