Do Crocs Kiss? (A Lift-the-Flap Book)

Synopsis

Do crocs cry? Do crocs clap? All I know is crocs go . . . SNAP! This novelty board book, with fun text and colorful illustrations, features adorable lions, tigers, and bears, as well as the snappy title reptile and other favorite creatures. Kids will happily lift the flap on each big animal to discover what sound it makes. For a grand finale, all the animals appear together peering out from behind two gatefolds, so children can sneak a peek and say all the sounds again!

My 2 year old got Where's Spot for Christmas and loves the flaps. So, I started reviewing lift-a-flap books on and came across this one. It came in the mail today and we've already read it several times. The flaps are sturdy, which I love since my son can be rough, and I was pleasantly surprised at the size of the book, which is larger than I expected. I love the illustrations and colors. It's a very

simple book, but it doesn't need any frills. The rhymes are cute and I can tell, it will become one of his favorites.

My little one (one year old) loves flap books so after reading the same two I decided to search for more ! Ordered this and it's a HIT ! The book is bigger than I expected (1 foot by 1 foot maybe ?) and it says "board book" but the pages aren't thick cardboard but aren't paper either more like a laminated thin cardboard ? My daughter LOVES the big flaps and the bright colors !!!

This line of books is too cute! Love the finish on the pages, the flaps seem very durable so far. The rhyming for each animal is too cute. Would definitely recommend.

This book goes through several animals and you discover their animal sounds. At the end there is a review of everyone you've met along the way. Very cute way to learn or reinforce animal sounds.

Great flap book that is made well. Cute book that my son loves after only having a couple days. I will definitely be buying this as gifts for other kids.

Our 18-month-old granddaughter LOVES this book! It became her immediate favorite over the hundreds of books she already loves. She pulls it out of the bookshelf first each day, and has anyone available read it over and over while she turns the pages and names the animals/sounds.

Great book! My 17-month-old daughter loves to flip the flaps! Great book!

It's a very cute book but it is larger than I anticipated and the flaps are really big. My son is 13 months old and really enjoys lift-the-flap books however this one is a bit too simple for him. I can see enjoying this with a much smaller child where you read to them and lift the flaps. It is very colorful. I just wish I had known it is big and the flaps are big. He really enjoys Open the Barn Door and Dear Zoo.
