CLEP American Government W/ Online Practice Exams (CLEP Test Preparation)

Synopsis

Earn College Credit with REA's Test Prep for CLEP* American Government Everything you need to pass the exam and get the college credit you deserve. CLEP* is the most popular credit-by-examination program in the country, accepted by more than 2,900 colleges and universities. For over 15 years, REA has helped students pass the CLEP* exam and earn college credit while reducing their tuition costs. Our CLEP* test preps are perfect for adults returning to college (or attending for the first time), military service members, high-school graduates looking to earn college credit, or home-schooled students with knowledge that can translate into college credit. There are many different ways to prepare for the CLEP* exam. What's best for you depends on how much time you have to study and how comfortable you are with the subject matter. Our test prep for CLEP* American Government and the free online tools that come with it, will allow you to create a personalized CLEP* study plan that can be customized to fit you: your schedule, your learning style, and your current level of knowledge. Here's how it works: Diagnostic exam at the REA Study Center focuses your study Our online diagnostic exam pinpoints your strengths and shows you exactly where you need to focus your study. Armed with this information, you can personalize your prep and review where you need it the most. Most complete subject review for CLEP* American Government Our targeted review covers all the material you'll be expected to know for the exam and includes a glossary of must-know terms. Two full-length practice exams The online REA Study Center gives you two full-length practice tests and the most powerful scoring analysis and diagnostic tools available today. Instant score reports help you zero in on the CLEP* American Government topics that give you trouble now and show you how to arrive at the correct answer-so you'll be prepared on test day. REA is the acknowledged leader in CLEP* preparation, with the most extensive library of CLEP* titles available. Our test preps for CLEP* exams help you earn valuable college credit, save on tuition, and get a head start on your college degree.

Customer Reviews

This book was great. I have been trying to work through my degree as quickly as possible and studying for this test helped take some time off of my degree. Great way to earn college credit! Be warned - the practice tests are easier than the real test, I made sure to have a 75% passing rate on the practice tests before I went in.

Very good book. I read the entire book, taking notes along the way, then took the diagnostic and 2 practice tests online. I studied any mistakes I made on the assessments. I figured I was well prepared. Next, I took the practice test found in the CLEP Official Study Guide. I realized then I had more studying to do. I used the internet to look up information on whatever questions I got wrong on the CLEP practice test (information not found in Dr. Preston Jones' book.). I also realized many of the practice questions in Dr. Jones' book are not as difficult as those on the actual exam. As opposed to just memorizing facts, the actual exam often requires you to apply the facts to different scenarios. I received a 60 on the CLEP exam and am very happy with my score, considering I only studied for about 12 days.

This is totally worth it. I got this book and i literally spent two weeks studying for the exam by reading it before i went to bed at night, and doing the practice tests on the weekend. I got a 64/80 using this and a few videos on YouTube to refresh my knowledge on the amendments. Make sure you go over the practice test and read all the answers and reason's why the other choices weren't the right one. Ordering the CLEP History 1 textbook from REA!!

Excellent preparation guide! I studied for two weeks, and then took the exam, passing with a 69. One thing you should do: memorize Constitutional amendments. If you do that, you will be good.

Without any prior education about the USA Government I used this book as a guide to study for the CLEP. Within 3 weeks I took the exam after studying and using the online tests and other online reseach. I passed the exam!!!! I would even recommend this book to anyone wanting to learn about the US government and how it functions. The author used examples of actual events to explain the concepts Which made it very easy to understand the concepts.I have 2 more CLEPs to take and I am definitely using the REA books.

If you have no prior knowledge of American Government then this is a good study guide to help out with understanding the basics. It's easy to read and kept my attention throughout. However, I would recommend using at least another text book or study guide if you are planning on taking the test.

Very helpful - gave enough information to help me pass my CLEP exam. I would have liked a more current edition to include governmental history since 2008, but overall I recommend this book to anyone who needs to pass the American Government CLEP test.

I'm shocked! This text is full of spelling, grammatical and factual errors. My confidence in the book's information is shaken and I worry about answering CLEP questions incorrectly due to these errors.
